

**GOLDEN PALM**

Assisted Living

## Because We Care

Our residents are our pride and joy. We care about having them age in place with love and care. Residents who leave home or a hospital and need a homelike environment to call home can find that with Golden Palm, a true homelike setting.

Our executive director partners with the community to ensure that her residents get the best of care, service, and activities.

We don't need a reason to care, we just do.
